

FEEDING NEW JERSEY: A LOOK AT HOW WE FIGHT HUNGER TOGETHER

2018 Fact Sheet

PROBLEM

Hunger Exists in Every New Jersey County

More than **41 million Americans are food insecure**, which means they don't know if they have enough to feed themselves and their families.

More than 900,000 of them live in New Jersey.

Nearly 270,000 New Jersey children (almost 1 in 7 kids) don't have enough food to eat, which has a direct effect on their physical and mental health. They struggle to concentrate in school, have behavioral issues, etc.

Seventy-four percent of households the FoodBank serves live below the poverty level. For a family of four, that means they're living on an annual income of about \$25,100. They often make tough choices, deciding between food and other necessities.

 **75%**
of people we serve often purchase inexpensive, unhealthy food to cope.

 **77%**
often choose between utilities and food.

 **73%**
often choose between medicine and food.

 **70%**
often choose between housing and food.

The face of hunger is ever-changing. Today, we see overweight and under-nutritioned children in food insecure households because their families often can only afford to purchase inexpensive and unhealthy food.

SOLUTION

Providing Food, Help and Hope – Together

The FoodBank started in the back of our founder's station wagon and is now the largest anti-hunger and anti-poverty organization in New Jersey. It has provided people across the state with food, help and hope for more than 40 years.

Today, the Community FoodBank of New Jersey has 170 employees who fight hunger every day. We package food orders for local soup kitchens and food pantries; purchase and collect food for distribution; help people in need through SNAP (food stamps) application assistance; reach communities with limited resources with mobile pantries; and encourage others to get involved.

The FoodBank's warehouses – in Hillside and Egg Harbor Township – are the size of five football fields (total) and act as the hubs that bring in and distribute food.

THE FOODBANK PROVIDES FOOD TO MORE THAN 1,000 COMMUNITY PARTNERS – LIKE LOCAL SOUP KITCHENS, FOOD PANTRIES AND SHELTERS – THAT SERVE PEOPLE IN NEED IN THEIR NEIGHBORHOODS.

Last year, the FoodBank distributed more than **56.5 million pounds of food**, 27 percent of which was produce. The FoodBank is expanding its "hunger as a health issue" initiative – providing more fruits and vegetables, nutrition education and medical screenings to inspire positive lifestyle choices.

WHERE OUR FOOD COMES FROM

DONATED

GOVERNMENT

PURCHASED

In addition to working with its community partners, the FoodBank has an array of programs that help meet the need, including:

CHILD FEEDING PROGRAMS

Kids Cafes: Children receive nourishing after-school meals every day to make sure they don't sleep on empty stomachs. The program, which also includes a nutrition education component, currently serves more than 30 sites across the state – combating hunger and its health effects for thousands of New Jersey children.

Family Packs: Weekends and days off are especially tough times for hungry children and their families. Family Packs provide thousands of New Jersey households with bags of supplemental food for the weekend, when kids miss school meals.

Summer Food: Sites at schools and other public places (i.e. Boys & Girls Clubs, libraries, etc.) serve breakfasts and lunches for children who are at risk of going hungry during the summer, when they don't receive the school food they rely on. Last summer, the program provided more than 118,000 meals.

JOB TRAINING PROGRAM

Food Service Training Academy: This free 15-week intensive culinary training and life skills program provides students with the foundation for a better life. It started in 2000 and has since graduated more than two thousand students with a job placement rate of over 90%.

ADDITIONAL FEEDING PROGRAMS

Senior Boxes: Monthly boxes of supplemental food reach seniors in our community who live on fixed incomes that don't provide enough for their daily needs (i.e. medicine vs. food). The FoodBank directly provides food for thousands of seniors every month and administers the program for other New Jersey

Mobile Pantries: This program brings food directly to areas in Southern Jersey, where there are not enough food pantries and soup kitchens to address the need.

New Initiatives: *Healthy Families*, *Farmers Markets*, *Pantry at the Plex*, and *Food, Health and Hope: An Answer to Diabetes* are three new programs that support the FoodBank's efforts to address hunger as a health issue.

KEY TO SOLVING HUNGER

Support From the Community

Volunteers: Last year, the FoodBank had close to 43,000 volunteer visits. They donated more than 105,000 hours – equivalent to about 53 full-time employees. They sort through donated food, assemble Family Packs, etc. Volunteers are the lifeblood of the FoodBank.

Donate Funds: Every \$1 donation allows the FoodBank to provide 3 meals for people in need. And, 95 percent of the funds the FoodBank receives go to support hunger-fighting programs.

\$1 =  MEALS

Donate Food: Fight hunger and reduce waste by donating food as a retailer (Retail Gleaning Program) or individual. You can also start a traditional or virtual food drive and encourage others to get involved.

Third-Party Events: Host your own event to benefit the Community FoodBank of New Jersey (i.e. run a marathon or host dress-down day at work, etc.).

Spread Awareness: Hunger is a 365-day-a-year issue that impacts us all. Share information about hunger and the work of the FoodBank through your social channels.

For more information or to help fight hunger, please contact our Resource Development Office at 908-355-3663 ext. 313.
