

Client Testimonials

“Everyone left our Garden Party with sated appetites, good feelings, and giant smiles. Judy and I continue to hold fond memories of our appreciation party for our family members and friends that also celebrated the forthcoming publication of our book, and marked our milestone birthdays. I would wholeheartedly recommend Stone Soup Culinary Creations.”

-Ferris, Private Event Catering Client

“I have used Stone Soup, the catering arm of the Community Food Bank of NJ, on two occasions: The first time, the Cornell Club of Northern NJ used them for a 150-person party, and the second was a for a family brunch for 50 people. For both events, Stone Soup did an excellent job.

I cannot say enough good things about Stone Soup. They are easy to work with, the food is delicious, service is great, and the price is a huge value. And at the same time, you’re helping people.”

-Dorothy, Private Event Catering Client

“Year after year our real estate organization brings over 125 volunteers to the Community FoodBank of NJ for a day of service. It has been our great pleasure to work with Chef Paul Kapner and his talented staff and students as they develop their culinary skills in preparing to go out into the work force. The food is delicious and beautifully presented. The attention to detail is excellent and Paul’s team makes it so easy for us to order so that our focus can be on the main objective of the day - volunteering. Our group is, of course, so pleased to be able to support another aspect of FoodBank, by utilizing this great catering service!”

-Janet, Corporate Catering Client

“Chef Kapner is an amazing chef and the culinary job-training academy he has established at the Community FoodBank of NJ provides an invaluable skill set for individuals that need a fresh start. During our visits, we were fortunate to experience Chef Paul Kapner’s cuisines during our lunch break. The meals and desserts were fresh, delicious and very affordable.”

-Deb, Corporate Catering Client

“My husband and I had our wedding catered by the Community FoodBank of NJ's Community Kitchen, led by Chef Paul. We could not have been more pleased with the food, service, and professionalism. Chef Paul was there for us every step of the way. His ideas and recommendations were spot on and it helped to make our day perfect. The food was excellent; my family and friends still tell us how much they enjoyed it almost one year later. We also loved knowing that our money was going back to support an organization and program that is near and dear to our hearts. Thank you to Chef Paul and the FoodBank for making our wedding the best day of our lives!”
